THE FUTURE FOR RAILWAY FINANCE

HOW THE LUXEMBOURG RAIL PROTOCOL WILL TRANSFORM THE RAIL SECTOR

A special industry seminar

SAVE THE DATE

The Luxembourg Protocol to the Cape Town Convention is a new global instrument which will soon be in force. It will make it easier and cheaper for the private sector to finance railway equipment by creating a new global legal system for the recognition, enforcement and prioritisation of security interests held by creditors in railway equipment. These interests will be registered in a new international registry, which is searchable by the public 24/7.

On 13th January 2016 the Rail Working Group will be running a specialist workshop in Singapore on the Luxembourg Rail Protocol, led by specialists from the Luxembourg, Switzerland and Singapore. It will be aimed at operators, manufacturers, banks and lessors as well as professional advisers and other stakeholders active in the South East Asian rail sector. Admission is free.

Time: 8.30 am until 12.30 pm followed by a light buffet lunch

Location: Freshfields Bruckhaus Deringer, 10 Collyer Quay 42-01,

Ocean Financial Centre, Singapore 049315
